

WAC 197-11-970 Determination of nonsignificance (DNS).

DETERMINATION OF NONSIGNIFICANCE

Description of proposal **The proposal consists of the installation of an underground barrier wall and oil recovery system adjacent to the flood control levee along the Skykomish River. The barrier wall and oil recovery system will be constructed in two phases. Phase I includes construction of a barrier wall (that may be either an injected grout curtain or cement bentonite slurry), monitoring and recovery wells and is planned for summer to fall of 2001. Phase II includes installation of oil recovery equipment controls and piping, and is planned to start 6-12 months after installation of the barrier wall and wells.** _____

Proponent **Burlington Northern Santa Fe Railway Company (BNSF)** _____

Location of proposal, including street address, if any: **West River Road between 5th Street and the end of the school yard to the west in the town of Skykomish, WA** _____

Lead agency **Department of Ecology** _____

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
